

2018 PROFILE

— GLOBAL INSTITUTIONAL PROFILES PROJECT

ARISTOTLE UNIVERSITY OF THESSALONIKI

Thank you for your
continued
participation and
support of the
Global Institutional

INTRODUCTION

The Global Institutional Profiles Project creates accurate and comprehensive profiles of research institutions around the world.

With reliable and objective data on each institution, users of the data in these profiles and elsewhere are better equipped to:

- Validate and quantify executive and strategic decisions
- Support marketing, publicity and other promotional efforts
- Supplement rankings and other assessment initiatives with additional indicators of excellence

By working closely with a multitude of personnel from universities and other related institutions around the world, we have been able to create the richest, clearest profiles to date—portraits of facts and figures on research activity, funding, students, and staff, supported by verifiable indicators from Clarivate Analytics.

ABOUT THE REPORT

This Profile supplements the Institutional Profiles data available in *InCites™* and is provided to organizations contributing to the institutional profiles project. It is based on data from three main sources: data provided by the institution directly to Clarivate Analytics data on the institution's publications and citations from *Web of Science™*; and the results of the annual Academic Reputation Survey.

For more information please see: <http://ips.clarivate.com/globalprofilesproject/>

Clarivate Analytics has conducted extensive validation of the data and applied powerful analytical techniques to interpret and present the data in a meaningful way.

This Profile and all data included herein may be used as a promotional and/or marketing device, as a management tool to be shared internally with colleagues for purposes of evaluation, or to provide institutional research executives with information on research performance. The information in this report may be used to assist students or faculty in the selection of your institution. You may use this report in the following ways:

- Post it on your institution's website (see below)
- Share with administrators at other institutions
- Submit with research assessments or government and funding proposals

Please note the data tables and individual performance results are the property of Clarivate Analytics. Use of any of the information must include the following notice: "Clarivate Analytics reserves all rights to the data and data should not be extracted, republished, redistributed or used for any commercial purpose."

BRIEF DESCRIPTION

Aristotle University of Thessaloniki (AUTH) was founded in 1925 as the second Greek University and today it is the biggest in the country. It comprises 11 Faculties organized into 41 Schools. Operates 41 bachelor degree and 68 master degree programmes in individual Faculties and Schools, as well as interdisciplinary, inter-university and international. Furthermore it has 23 collaborations with foreign universities for co-supervised PhD, for Greek and foreign doctoral candidates. 62.000 undergraduate and 10.000 postgraduate and PhD students (3.937 are foreign) are registered at AUTH. The Teaching and Research Staff are more than 2.000 and the total support staff around 1000 people. AUTH participates actively in International Meetings (IAU, EUA, COIMBRA, EMUNI, AUFFrancophonie, European University of Beijing, TIME etc), as well as in 35 International Associations, Organizations and Networks and 5 International Student Associations. In the framework of European Educational Programmes, AUTH is the leading Greek University in mobility, with around 600 active bilateral agreements for students and faculty exchange and 105 Agreements for Scientific Cooperation with equivalent Universities or Higher Institutions from all over the world. AUTH participates in 48 Research Networks and implements more than 2000 national, European and international research projects per year.

Papers - international co-author / papers	77

Note: Values and scale on tables and diagrams are cumulative probability scores, representing your institution's place compared to other institutions. Dotted line on the diagram represents a cumulative probability of 50 i.e. the median value. Maximum value is 100.

SUMMARY

We hope you find this report informative and look forward to many years of collaboration to improve our multidimensional approach to institution profiling, data validation, and qualitative assessment. For over half a century, Clarivate Analytics, formerly the IP & Science business of Thomson Reuters has pioneered the world of citation indexing and analysis. All of our analytics tools and services are underpinned by the gold standard citation data in the *Web of Science*. We are therefore uniquely positioned to help you and your institution make informed decisions about current and future research and organizational strategies. We look forward to continuing our partnership with you and welcome any feedback you may have.

The data presented in this report represent just a fraction of what you can obtain when you subscribe to *InCites*, the web-based evaluation tool. The *InCites* platform enables you to access data alongside both article-level and aggregated data and metrics to assess the impact and influence of people, departments, institutions, regions, and publications within the broader research ecosystem.

InCites allows you to objectively and accurately assess the return on your research investments and activities. Starting with a foundation of trusted *Web of Science* data, you can create visually impactful reports to help:

- **Develop** a clear picture of the research activity at your organization—an indicator of future success
- **Measure and benchmark** the research performance of your people, programs and peers to properly allocate funding and attract new talent
- **Facilitate** collaborations that advance your strategic goals and support internal review, reporting and promotional processes

WHO WE ARE

Clarivate™ Analytics accelerates the pace of innovation by providing trusted insights and analytics to customers around the world, enabling them to discover, protect and commercialize new ideas, faster. Formerly the Intellectual Property and Science business of Thomson Reuters, we've been assisting our customers for over 60 years. Now as an independent company with over 4,000 employees, operating in more than 100 countries around the world, we remain expert, objective and agile. For more information, please visit us at [Clarivate.com](https://clarivate.com).
